Check our manufacturing capabilities, size range and specification of [carbon steel pipe fittings](#).

How much does an ASTM A234 WPB elbow cost in India?

Depending upon products make prices can be noted in general, for example a particular product i.e. Elbow SMLS 90* 1.5 D S/STD A 234 WPB price for 1/2": 0.412 USD & for 1": 0.672 USD.

Is carbon steel pipe elbow price varying as per the schedule or thickness?

Variation in prices can be observed usually depending upon schedule [thickness] or sizes mold and makes due to consumption of time and components variably.

For example: Elbow SMLS 90* 1 D S/80 A 234 WPB price for 1": 1.080 USD & Elbow SMLS 90* 1.5 D S/40 A234 WPB price for 1": 0.672 USD

Carbon steel butt weld fittings price difference between India and China

Carbon steel butt weld fittings in wide ranges has price variation depending upon source of origin of nations too . India do have low labor cost in manufacturing, supply chain and greater productivity scale as compare to China, so marketwise Indian products will price variation to Chinese one.

Tips to buy carbon steel butt weld elbow at lowest price

In case to purchase Carbon steel butt weld fittings at lowest price, communication to source origin manufacturer is suggestable. So later depending upon further supply chain and all corelated purchase process costings can be find out and comparative way processed.

Why carbon steel seamless elbow is costly compared to welded elbow?

Compare to welded elbow, carbon steel seamless elbow is costlier since its manufacturing process high duration time and casting components quality wise for wide durability in use.

Seamless elbow single solid steel piece [billet] manufactural make is most preferable compare to fabricated way welded elbow having ability to handle corrosive substances.

In Oil and Gas industry, due to ability to handle extreme pressure and temperature seamless elbow are much costlier than welded elbow.

Primarily Fluid Flowability of process in Industries prefers Seamless elbow compare to Welded elbow.

Also, depending on process wise requirements and geographical features and commercial market scenario variations possible for carbon steel pipe fittings products.

Contact Dinesh Industries for ready stock sizes and great price for bulk orders.
